

Damage report form

Instructions for filling in the form

The damage report must be made in writing and as soon as possible.

In case of damage, do not:

- Admit liability
- Make any offers or agreements without the insurance provider's approval
- Take any action that could harm the insurance provider's position (e.g. disposal of defective goods)
- Commit, unless absolutely necessary, to any legal expenses, for which you claim compensation from insurance, before such expenses have been agreed on with the insurance provider
- Tell the concerned party about your insurance

To accelerate the process for handling the damage, provide the following documents, if possible:

- 1 Agreement and its appendices → If damage is caused to a contractual partner, provide the agreement and its appendices
- 2 Complaint, claim or other written materials submitted by the injured party, indicating your potential liability for compensation (e.g. meeting minutes)
- 3 Your response if you already have replied to the counterparty
- 4 Copy of a drawing, picture, etc., showing the defect
→ Photos from the damage location or other reports indicating damage and its extent
- 5 Other documents, if any, that facilitate processing the damage (statements from experts, reports by authorities, etc.)
- 6 Other correspondence (internal or with the counterparty) providing more details on the damage

Documents, reports, photos and other similar materials can be emailed to yritysvahingot@howdenfinland.fi or mailed to **Howden Finland Oy, Malminkaari 9, 00700 Helsinki, Finland**

If you run out of space in the fields to be completed in the notification form, continue on a separate sheet, if necessary.

Damage report form

Liability damage

NOTE! Save the form on your computer **before** filling it in.

*Obligatory fields must be filled in before the form can be submitted.

Date (dd.mm.yyyy)*
